

**REMARKS**

The above amendments were submitted as a proposed amendment and discussed with Examiner Fubara in a telephone interview on July 24, 2007. The undersigned extends his appreciation for the courtesy extended by Examiner Fubara.

Amended claim 29 corresponds to previously presented dependent claim 35, which claim was not rejected over the art.

Newly presented claim 44 corresponds to previously presented dependent claim 39, which claim was also not rejected over the art.

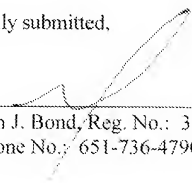

Claim 30 has been amended to particularly define the last component d by its chemical structure, which is submitted to avoid any 112, second paragraph concerns.

In view of the above, it is submitted that the application is in condition for allowance. Reconsideration of the application is requested.

Allowance of the claims, as amended, is respectfully solicited.

Respectfully submitted,
